Overview

About Mars

About Mars Madras Animal Rescue Society or MARS was founded by Sarah Iyer and Gerry in March of 2019. Sara is also a member of the ABC (Animal Birth Control) Committee of the Chennai Corporation. The Trust has rescued more than 500 dogs and sterilized over 200 dogs. Mars supports villages in Mahabalipuram with Vaccinations, Sterilization programs, and Treatment for injured dogs.MARS has actively helped Chennai Corporation Pounds with maintenance and feeding since 2019.

MARS is also running a full-scale shelter called “Daaman” for dogs in an area of 3 acres and houses over 200 dogs. These dogs are mostly old, disabled, and with major health issues. The shelter has medical facilities, a fully equipped kitchen with nutritious food, and covered housing for the dogs. All the dogs get personalized care and many have recovered from worse conditions and are living happily in the shelter.

Overview

What is Virtual adoption ? How it works ?

We have all at some point of time wanted dogs and shower them with love and care. However, due to many reasons we might have not been able to bring a dog home. But what if you can virtually adopt a dog and change its life completely?

Daaman Shelter houses over 200 dogs and many of them need special care, we are now inviting you to be a part of their lives. You can virtually adopt any dog in the shelter and be a sponsor for its needs. We will take care of the dogs at the shelter and you can visit them to spend some time with them in our beautiful shelter in ECR and make lots of happy memories!

Please go through the pictures and let us know which one you would like to adopt, please mention the name of the dog and ID# number
